GREENVILLE, S. C. MONDAY, JAN. 1, 1929.

It's almost as easy to give good advice as it is not to follow it.

Among the things that we were not thinking of ordering is a new alphabet.

Persons with no other form of amusement can watch the days grow longer.

It is difficult for some men to be good when they have a good chance to be otherwise.

A fresh egg of the season comes straight from a fresh chamber of the cold storage warehouse.

St. Louis girl, twelve years old, wants a divorce. Some of them certainly acquire the habit early.

Germany has seventeen dirigible war balloons and England is fortunate in being too busy to worry.

A Connecticut woman found a diamond in a leg of lamb. And she wasn't anywhere near Winsted at the time.

A girl umpired a baseball game in California the other day. Those California women certainly are heroines.

An Imperial edict in Peking orders the cutting off of queues. Switches and rats ought to be cheaper next year.

A divorce law has been passed in the Philippines, but it will be a long time before Manila achieves the fame of Reno.

Every time a Mexican patriot tires of work and longs for a little easy money, he organizes a new "revolution."

Many a man who believes in doing the greatest good to the greatest number regards number one as the greatest number.

It has been decided by a court that collecting tips is begging. Thus the democratization of the bench proceeds delightfully.

A Philadelphia physician says that mince pie, taken in moderation, will cure insomnia. About how many triangles, doctor?

New York's new "whispering whistle" for trains would be a great institution to introduce to Willie, the gifted office boy siffler.

The trouble with the man who goes to see a doctor generally is that he wishes to be cured in a day of illa it has taken him years to acquire.

The Bostonian who claims that the earth is flat would have been considered a wise and conservative man in the days of Christopher Columbus.

Jack rabbits with horns are said to be plentiful in the grand old state of Texas. Since when has Winsted, Conn., been transplanted to Texas?

Vesuvius has been throwing mud again. And yet people who live in the neighborhood probably think that Home, Sweet Home is a great little song.

If you are a hotel guest, don't give your only pair of trousers to a bell-boy, and then go to bed, for a cry of "fire!" would put you in a predicament.

"An eastern highbrow asserts that we are losing our sense of smell." From which we may infer that he doesn't live in a boiled cabbage neighborhood.

The household furniture of the future may be made of concrete, as Tom Edison says, but it will be necessary to hire a derrick and a freight train on moving day.

A jury awarded \$300 damages to a woman who sued because a man failed to marry her after sixty proposals. That places a handy and exact price upon a proposal.

The irony of fate appears to have been demonstrated in the case of the famous surgeon who was operated on for appendicitis when his trouble was caused by gallstones.

It is announced that shoes are to cost more, and the family man will perhaps feel grateful that a long succession of such announcements has made him somewhat callous.

Reindeer meat is to be shipped from Alaska to Chicago, so that it may be served in the restaurants in Chicago. Unless it is going to be a good deal cheaper than steak it will not be likely to cause much of a sensation.

Motor cars in New York last year have killed 89 persons and injured 855. Strikes us that it is safer to be a guide or a football player than an innocent bystander in New York.

Judge Mulqueen of New York, on being told that some one had stolen the trousers of a Tombs prisoner, observed: "You would better make a most thorough investigation of this. It would be a great calamity to find thieves in the Tombs." Some would say, on the contrary, that that is just the place for thieves.

A new court for women exclusively which is proposed in San Francisco is to hold its sessions in private. What's the use of carrying one's troubles into court if there won't be anyone there to hear them?

If the government succeeds in perfecting its scheme for making the sun ignite at sunset and shut off at sunrise the flame in lamps along the Panama canal, will it please put on the market a somewhat similar device for shutting down the furnace these winter mornings?

WILEY IS UPHELD

HOUSE INQUIRY OVERTURN FINDINGS OF SECRETARIES WILSON AND WICKERSHAM.

REMSSEN BOARD GIVEN BLOW

Paralysis of Pure Food and Drug Laws Enforcement Is Denounced by Committee's Verdict—Chief Chemist Given Free Hand.

Washington.—The house committee that has been making an inquiry into the charges preferred against Dr. Harvey W. Wiley, chief chemist of the department of agriculture has given the food expert a clean bill of health, exonerating him from all of the accusations laid against him.

The committee in its report sustains Doctor Wiley all along the line, except on unimportant details.

The report pays much attention to the Remsen board, to the activity of Solicitor George P. McCabe, who was the principal opponent of Doctor Wiley in the department, and recommends, in general, that Doctor Wiley be given a free hand in the enforcement of the pure food and drug law.

In this manner the power formerly exercised by Solicitor McCabe is cut down.

The final stamp of approval of the conclusions, reached after months of investigation, was affixed by all members of the committee.

In the course of these hearings Doctor Wiley told how most of his rulings were arbitrarily overruled, that there were few cases of drug law violations prepared because many lines of inquiry were taken out of his hands and turned over to the Remsen referee board for investigation.

His decisions conflicted with the Remsen board and said that the least that could be done for the public's protection was to prohibit the use of foods or drugs until the board had decided in favor of their use. He added that this policy had not been carried out. The controversy between him and the Remsen board was over the chemistry bureau's finding that benzoate of soda was harmful.

Virtually the only dissent from the sweeping verdict for Doctor Wiley is based upon the irregular employment of Dr. R. H. Rusby of New York as a \$20 a day expert, a compensation which was not to aggregate over \$1,600 in any one year, the amount authorized under law.

It was for this employment at that per diem rate, to get around the official limitation of pay for such services to \$1,600, that the personnel board of the department first, and then Attorney General Wickersham, recommended the removal of Doctor Wiley from office.

Doctor Wiley told the committee five months ago that he had found it useless to appeal to Secretary Wilson and that he had "practically surrendered" his authority for enforcing the pure food law to McCabe and Dunlap.

AID FOR REPUBLIC ASKED

Chinese Rebels Send Note to Powers Urging That Their Government Be Recognized.

Nanking.—An ultimatum was delivered to Premier Yuan Shi Kai by the republicans demanding the immediate abdication of the throne and the surrender of the Manchurian sovereign powers or a resumption of hostilities.

The ultimatum forbids Yuan from taking part in the government of the republic until it has been recognized by the powers and was supplemented by a note from Foreign Minister Wang Chung Wei, addressed to Washington, Tokyo, Paris, Berlin, and St. Petersburg, beseeching immediate recognition of the rebel government to "avoid a disastrous interregnum."

TURKS' ATTACK IS REPULSED

Many Are Killed and Wounded in Battle Which Lasts Several Hours in Tripoli.

Tripoli.—In one of the most determined engagements of the war a large force of Arabs and Turks attacked a column of Italian troops which had left Tripoli for Ghingharish. Not until after several hours' fighting did the Italians rally and the Turks retreat to the desert.

Hundreds of the 3,000 attacking party were killed, while the Italians had three killed and seven wounded.

1,000 Fall in Fight. Guayaquil, Ecuador.—More than 1,000 men were killed or wounded in a battle at Yaguache, northeast of this city. An army supporting the Quito government, under the command of Gen. Julio Andrade, formerly Ecuadorian minister to Colombia, attacked and defeated an army of Guayaquil troops supporting the provisional government proclaimed by General Montero.

Lewis Stops Dixie Kid. Liverpool, Eng.—Harry Lewis, the American middleweight, defeated Dixie Kid in the eighth round of a scheduled 20-round contest here. Lewis was entirely too clever for his colored opponent.

Indians Edit a Newspaper. Pipestone, Minn.—The only paper in Minnesota printed and edited by Indians, the Pipestone Peace Pipe, has made its appearance, and will be devoted to news of the government Indian school here.

Lula Glaser Granted Decree. Chicago.—Mrs. Ralph C. Herz, known to the theatrical world as Lula Glaser, the comic opera star, was granted a decree of divorce here by Judge McDonald in the supreme court on the grounds of cruelty.

\$6,250,000 More for Ship Line. Hamburg, Germany.—Directors of the Hamburg-American Steamship company propose to stockholders a \$6,250,000 increase in the capital stock of the company, thus bringing it up to \$27,500,000.

Taft Honors Illinoisan. Washington.—President Taft has nominated Edwin Baxter of Illinois to be commissioner of education at Porto Rico.

SNOWBALL TWIRLERS ARE ACTIVE

TAFT FREES MORSE

FORMER BANKER HAS ONLY SIX MONTHS TO LIVE SAYS SURGEON GENERAL

PROBABLY GO TO CARLSBAD

President Commutes 15-Year Sentence in Effort to Prolong New Yorker's Life, But Refuses to Restore His Civil Rights.

Washington.—The 15-year sentence for the violation of the national banking laws under which Charles W. Morse, the former New York banker, has served two years in the federal penitentiary at Atlanta, Ga., has been commuted by President Taft to expire at once.

The commutation of sentence, which gives Morse his complete freedom—but which, unlike a pardon, does not restore his civil rights—was granted upon recommendation of Attorney General Wickersham and Surgeon General Terney, U. S. A.

The White House statement granting freedom to Morse follows: "The president has commuted the sentence of Charles W. Morse to expire at once. This action was taken upon the recommendation of the attorney general, based upon the following report of Surgeon General Terney: 'In my opinion the prisoner's duration of life will be in all probability less than one month if kept in confinement, and in the event of his release under commutation of sentence, it is not probable that he will live as long as six months.'

Efforts for a complete pardon were unavailing, and under the law Morse could not be paroled until he had served five years. Under the commutation he will be allowed to leave the army hospital at Fort McPherson, near Atlanta, at once. Recent efforts in his behalf developed the fact that his friends wished to take him to Carlsbad for treatment, and it is deemed probable that he will be taken abroad at once.

CALL FOR DEMOCRATIC MEET

National Chairman Mack Issues Official Notice for Convention to Be Held at Baltimore.

Buffalo, N. Y.—Official call has been made for the Democratic national convention for 1912 to be held in Baltimore on June 25. The call is signed by Norman E. Mack, chairman of the Democratic national committee, and Urey Woodson of Kentucky, the secretary.

Two delegates and alternates for every senator and two delegates for every representative for the states represented in congress will be elected to the convention. Six delegates and six alternates are allotted to Alaska, the District of Columbia, the Philippines, Hawaii and Porto Rico.

POLICE GUARD ABOUT FOSS

Escort Him To and From Massachusetts Statehouse, Ready for "Black Handers."

Boston.—When Governor Foss came to the state house from his home in Jamaica Plain he was guarded by detectives and plain clothes men watched the corridors for the possible appearance of "Black Hand" agents, said to have designs on the governor's life.

When Governor Foss left the state house he was escorted to his home by police officers and a guard of city police is on watch about his residence.

Headless Body Is Found. St. Louis.—The headless body of a man was found in an ash pit here. The general appearance of the torso and its clothing indicated that the murdered man may have been of foreign birth.

Ocean Steamer Founders. Beaufort, N. C.—The schooner Henry Prescott, from New York to Wilmington, N. C., with salt, foundered on Diamond shoals, off the Hatteras coast. Three of the crew of seven were saved.

Wilhelmina III, No Heir. The Hague, Netherlands.—An apparently well grounded report is in circulation that Queen Wilhelmina, who two weeks ago was said to be expecting an interesting family event, has suffered an illness which dissipates immediate hope for the birth of an heir to the throne.

New Bishops for the United States. Rome.—The pope has appointed Auxiliary Bishop O'Connell of San Francisco and Auxiliary Bishop of Richmond, Va., and Father Patrick McGovern to be bishop of Cheyenne, Wyo.

CUBAN ROW AT END

WARRING FACTIONS SETTLE THEIR DIFFERENCES.

Island Congress Probably Will Modify Laws to Check Veterans' Activities—Statement Issued.

Washington.—Secretary of War Stimson declared after a conference with President Taft that he did not believe the United States would need to intervene in Cuba. President Taft, Mr. Stimson said, agreed with him. Although the situation is regarded as most hopeful, the white house and the war department will watch developments closely.

Havana, Cuba.—The reply of the Cuban government to the note of Secretary Knox intimating that the United States government might be compelled to intervene in Cuban affairs probably will be made in a few days.

An official statement was given out regarding the conference held at the palace between President Gomez and representatives of all the political factions and the veterans. The statement is as follows: "The meeting terminated with every one breathing words of patriotism, a fact which filled the president with optimism because he found in his old companions in arms and in all the others present a firm determination to save the republic, as might be expected from those professing their love for the Cuban fatherland."

HARVESTER TRUST IS FLAYED

Representative of Independents Makes Sensational Charges at House Committee Hearing.

Washington.—Sensational charges against the International Harvester company, the so-called "harvester trust," were made before the house rules committee by F. J. Lowe of New York, representing independent manufacturers.

Mr. Lowe told the committee that 51 per cent of the stockholders in the steel, sugar, beef and bankers' trusts control also the International Harvester company. "We charge that the International Harvester company, through the National City bank of New York, can break any independent concern in the United States," said Mr. Lowe.

Mr. Lowe charged also that the International Harvester company insisted on a profit of 100 per cent on its goods sold in this country, but that Europe got them almost at cost.

MANIACS FLEE FROM FLAMES

Fire Attacks Infirmary at Dunning, Ill.—270 Are Saved by Attendants.

Chicago.—Insane patients at the Dunning (Ill.) institution were herded together and marched out of the blazing "old infirmary" building just before the structure collapsed.

Supposed to have ignited from a defective flue on the top floor of the main wing, the flames gradually ate their way downward and four hours after the fire was discovered virtually all of a three-wing building, four and five stories high, was in ruins.

There were 270 insane patients in the institution all of whom were gotten out without injury.

When some of the patients saw the flames and heard the clanging of the bells on the arriving fire engines they began to fight.

The police, with drawn clubs, helped to form lines of the patients and to keep the violent from committing suicide or injuring those who were trying to save them.

Goes Broke to Save Dog. Kansas City, Mo.—Rather than sacrifice his dog, E. C. Buskirk, a carpenter, paid his last \$1.50 for a license for the animal which once saved his child's life. Mr. Buskirk has been sick and unable to work.

Inaugurate Hibben in May. Princeton, N. J.—The inauguration of President John Grier Hibben of Princeton university will take place early in May. Representatives of all the important universities and learned societies will attend.

Famous Incendiary Dies. Toledo, O.—Jack Page, whose confessions of arson startled northwestern Ohio a few years ago and who served a term in the Ohio penitentiary for complicity in many incendiary fires in Williams county, is dead. Page was eighty-five years old.

New Bishops for the United States. Rome.—The pope has appointed Auxiliary Bishop O'Connell of San Francisco and Auxiliary Bishop of Richmond, Va., and Father Patrick McGovern to be bishop of Cheyenne, Wyo.

MANY GREET FARLEY

CARDINAL IS GIVEN GREAT OVA-TION AT NEW YORK.

Triumphal Return Is Marked by Elaborate Decorations—300,000 Gather at Pier.

New York.—The triumphal return to New York of Cardinal John Murphy Farley was the signal for the greatest ovation that has ever been accorded a man of the church in the United States. Coming back from Rome, where he had been elevated from Archbishop of New York to the highest honor within the grant of the Holy Father, he was the recipient of visible and audible homage such as is seldom paid to any man.

Many of the most prominent figures in the public life of the nation were

Cardinal Farley.

among these who participated in the welcome to Cardinal Farley, which was not only brilliant, but impressive.

At Twenty-third street the cardinal's carriage turned into Fifth avenue and proceeded in a direct line to St. Patrick's Cathedral, the curbs on both sides being crowded with members of all the big Catholic societies of Greater New York. Further up the cadet corps of all the Catholic military schools, institutions and organizations of the metropolis lined both sides of Fifth avenue and at the very end of his triumphal march, the cardinal was greeted by his best and most beloved friends, the 90,000 Catholic children attending the parochial schools of Greater New York. This part of the reception seemed to please the cardinal more than any other feature of his welcome.

STEPHENSON WINS HIS FIGHT

Senate Subcommittee Votes Unanimously That Bribery in Wisconsin Man's Election Is Unproved.

Washington.—Senator Isaac Stephenson was a victor in his fight to hold his seat as senator from Wisconsin when the Heyburn subcommittee, which has been investigating his election, decided by a unanimous vote that the charges of corruption and bribery made against Senator Stephenson had not been proved.

The report has been completed, but its details will be kept secret until it is presented to the senate. It is understood that while the committee acquiesces Stephenson of the charge of buying his seat, it criticizes him for spending \$100,000 in the primary campaign.

Managers of Stephenson's campaign said that \$150,000 or \$200,000 would have been spent had they made a more systematic campaign.

JURY SEES DYNAMITE CODE

"Ping" Letters Direct the Blowing Up of Certain Structures—Facts Given by McNamara.

Indianapolis, Ind.—Telegrams and letters signed "Ping," purporting to contain a code giving instructions about viaducts, bridges and buildings that were to be blown up, were read before the federal grand jury in connection with Orrie McManigal's confession regarding the dynamite conspiracy.

This signature, according to McManigal, was not that of the McNamaras, but was used by another person whom he named.

Because of his belief that "Ping" was receiving \$200 for each "job," and was giving him only \$125, McManigal says he refused to work with him, and later arranged through John J. McNamara, to do "jobs" with the aid of James B. McNamara.

KELLOGG MAY BE A DIPLOMAT

Taft Would Be Glad to Have St. Paul Man Become Ambassador to Some European Court.

Washington.—Frank B. Kellogg of St. Paul, Minn., soon may be invited by President Taft to represent the United States as ambassador at one of the courts of Europe. News that the president would be glad to have Mr. Kellogg enter the American diplomatic service has become known here.

Edward R. Perkins Is Dead. East Orange, N. J.—Edward R. Perkins, vice-president of the New York Life Insurance company, and brother of George W. Perkins, is dead at his home here, following an operation for appendicitis. He was born in Chicago forty-four years ago.

Asks \$4,400,000 for Airships. Paris.—The French government has decided to ask the chamber of deputies for an appropriation of \$4,400,000 for the construction of aeroplanes for military purposes.

French Wines Are Up in U. S. New York.—The latest increase in the cost of living is noted in a jump skyward of the prices of French wines. The increase varies from 25 cents to \$1 a quart on the popular champagnes.

Liner Wrecked; Fifty-Three Perish. Glasgow.—The Hall liner Winslow Hall was wrecked on the Buchanan Rocks on the coast of Aberdeenshire, carrying 53 of her crew of 57 with her. The majority of the crew were Lascars.

PROMINENT MEN KILLED IN WRECK

Private Car of F. O. Melcher Is Smashed By Locomotive and Six Are Dead

J. T. HARAHAN LOSES LIFE

Frightful Accident at Kimmund, Ill., Results in the Death of Three Railroad Magnates and One Attorney.

Decatur, Ill.—Four persons were killed in the private car of F. O. Melcher, second vice president of the Rock Island railroad, at Kimmund, Ill. Among the dead is J. T. Harahan, Sr., for president of the Illinois Central.

The private car was attached to the Seminoles flyer, No. 25, which was standing taking water when No. 3 struck it, the engine of No. 3 plowing all the way through the private car.

The dead: J. T. Harahan, Sr., former president of the Illinois Central.

F. O. Melcher, second vice president of the Rock Island.

E. B. Price, general solicitor of the Rock Island.

E. E. Wright, attorney of Memphis, son of Gen. Luke Wright, former secretary of war.

The only man to escape injury in the private car was the secretary to the vice president. The fireman of No. 25 was thrown out of the cab. Several passengers were bruised and badly shaken up, but none were seriously injured.

Both engineers were killed. The firemen were buried under the wreckage, but were found to be alive.

James T. Harahan, Sr., was born at Lowell, Mass., in 1843. He worked his way in the railroad world from water-boy to president.

Eldridge E. Wright was a son of Gen. Luke E. Wright, former secretary of war, and made his home in Memphis, Tenn. He was about 30 years old and unmarried.

Frank Otis Melcher, who was born in Maine in 1864, and graduated from Tufts college in 1887, entered the railroad service as an assistant in the engineers' corps of the Pittsburgh railway.

E. B. Pierce was the general solicitor of the Chicago, Rock Island & Pacific railroad, with offices in the Rock Island station here. His home was at Highland Park, a suburb of Chicago.

Brave Mother.

New York.—A desperate battle for the lives of two children was terminated by the quick wit of Mrs. Robert E. Voll, their fear-crazed mother, who, when on the point of succumbing through fatigue, put forth all her strength and with an energy born of desperation pushed an insane domestic, with whom she had been battling for over 10 hours, through the door of her parlor, turned the key in the lock and staggered to the telephone to summon aid.

Dancing of "The Dip."

Newburg, N. Y.—Because Private Fred Deput, of the National Guard, 25 years old, married, with a family of children, insisted on dancing "the dip" with a Miss Murphy as his partner, at the State armory, he was arrested on complaint of Sgt. James G. Hunter. The dip, turkey trot, grizzly bear and bunny hug have been placed under the ban at the armory, and the managers of the military dances decided that the violation of the edict by a military man was one that could not be overlooked.

Lone Woman.

Chicago.—Mrs. Annie Goldsmith, 57 years old, put to rout two armed bandits at her home, after she had torn a revolver from the hands of one and had clubbed him out of the front door of her residence.

At the time of the attack Mrs. Goldsmith was wearing a money belt in which was concealed jewels valued at more than \$1,000.

She had been injured painfully in her struggle and was confined to her bed. She is the wife of a wealthy furniture dealer on the South Side.

PILES SATISFACTORILY TREATED WAY DOWN IN TENNESSEE

Resinol the Secret—Sold Everywhere.

There seems to be no end to the uses to which Resinol is put. Here is a man who first used it for piles, then local troubles, and lastly for perspiring feet. All experiments have proven successful. Read what he says:

"I began the use of Resinol Ointment about ten years ago for piles; results satisfactory; finally used it for all local troubles, and lastly for perspiring feet, and it was more than satisfactory, and that after I had spent over a hundred dollars for different remedies and medical fees without results. Since then have recommended it to dozens of people, and it has never failed to cure."

"D. L. KILIAN, 'Memphis, Tenn.'"

Not only is Resinol Ointment good for piles, but it is unsurpassed in relieving scalds and burns, chilblains, cracked lips, itching, blackheads, boils, or any form of eruptive skin disease, as eczema, tetter, ringworm, barber's itch, etc. Resinol Ointment can be purchased from your druggist in fifty-cent and one-dollar sizes, but if you prefer to try a free sample, write to Department 93, Resinol Chemical Co., Baltimore, Md.

THE WAY NOWADAYS.
